

November 15, 2007 - Workshop at VIMS: Nontidal Wetlands: RPA Feature or Not?

The Department of Conservation & Recreation, Chesapeake Bay Local Assistance is offering a workshop to explain the procedures for determining nontidal wetland features subject to the Chesapeake Bay Preservation Act, as outlined in the new DCR Nontidal Wetland Guidance.

This workshop, the first of three that will be given over the next six months, is intended for local government staff from the Northern Neck, the northern portion of Hampton Roads and the Middle Peninsula localities. Additional workshops will be held in northern Virginia and in the southeastern area of Hampton Roads.

The workshop will be held at the Virginia Institute of Marine Science (VIMS), in Gloucester Point, beginning with an 8:30 am registration, a morning session, followed by lunch (provided) and an afternoon session that will end at approximately 4:00 pm.

Co-sponsors:
Virginia Department of Conservation and Recreation,
Division of Chesapeake Bay Local Assistance

Chesapeake Bay National Estuarine Research Reserve at
Virginia Institute of Marine Science

This workshop is free to Chesapeake Bay local program staff, but you must register by November 5. Return the following registration form by fax to 804-225-3447 or mail to:

Teresa Fogg-Steed
Department of Conservation and Recreation
Chesapeake Bay Local Assistance
101 North 14th Street, 17th Floor
Richmond, Virginia 23219

You may phone 804-225-3440 or 1-800-CHES-BAY to request additional information or forms. After registering, you will receive a confirmation packet with directions, program schedule and other details.
